VOLUME II. MARRIAGES, CON'D.

FOREWORD TO VOLUME II.

Volume I contained marriage notices from the newspaper "Maine Farmer" for the period 1833 to 1852 with the exceptions noted in the foreword to that volume. Names were listed alphabetically from Abbott to Patten. The volume was concluded when funds for copying were no longer available from the National Youth Administration.

The present volume completes the notices of marriages for the same period as Volume I. Typing has been made possible through the interest of Arthur L. Deering, director, Agricultural Extension Service, University of Maine. The actual work of typing was done by Miss Eleanor Lounsbury who deserves much credit for her patient and painstaking service.

Like the previous volume, this one has been prepared under the supervision of Clarence A. Day, Extension Editor University of Maine.

Volume III will contain death notices for the same period as Volume I and II, except that notices in the issues of the "Maine Farmer" from July 4, 1840 to December 5, 1840 inclusive, and for the entire year 1852 have been included.
